The version history of the Android mobile operating system began with the public release of the Android beta on November 5, 2007. The first commercial version, Android 1.0, was released on September 23, 2008. Android is continually developed by Google and the Open Handset Alliance, and it has seen a number of updates to its base operating system since the initial release.

15 February 2018: Launch of new WHO guideline on intrapartum care - Worldwide, about 140 million women give birth every year. Whilst much is known about the clinical management of labour and childbirth less attention is paid to what, beyond clinical interventions, needs to be done to make women feel safe, comfortable and positive about the experience.
