Elinor Claire "Lin" Ostrom (August 7, 1933 – June 12, 2012) was an American political economist whose work was associated with the New Institutional Economics and the resurgence of political economy. In 2009, she shared the Nobel Memorial Prize in Economic Sciences with Oliver E. Williamson for her "analysis of economic governance, especially the commons".

Elinor Ostrom - Wikipedia

Records and document management are at the core of most courts'™ business processes. The two elements are directly related; document management focus on how the courts obtain/acquire documents while records management focuses on care and storage after acquisition.

Human hair is considered a waste material in most parts of the world and its accumulation in waste streams causes many environmental problems; however, it has many known uses. Preventing waste of such a material requires both addressing the problems in the current usage and developing its utilization systems at locations where they are missing.

Human Hair â€œWasteâ€• and Its Utilization: Gaps and Possibilities

Psychology is the science of behavior and mind, including conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope and diverse interests that, when taken together, seek an understanding of the emergent properties of brains, and all the variety of epiphenomena they manifest. As a social science it aims to understand individuals and groups ...
