Immersion into virtual reality is a perception of being physically present in a non-physical world. The perception is created by surrounding the user of the VR system in images, sound or other stimuli that provide an engrossing total environment.. The name is a metaphoric use of the experience of submersion applied to representation, fiction or simulation.

A narrative or story is a report of connected events, real or imaginary, presented in a sequence of written or spoken words, or still or moving images, or both. The word derives from the Latin verb narrare, "to tell", which is derived from the adjective gnarus, "knowing" or "skilled".. Narrative can be organized in a number of thematic or formal categories: non-fiction (such as definitively ...
