AN INTRODUCTION TO BUSINESS STATISTICS . 2 At the micro level, individual firms, howsoever small or large, produce extensive statistics on their operations. The annual reports of companies contain variety of data on sales, production, expenditure, inventories, capital employed, and other activities.

AN INTRODUCTION TO BUSINESS STATISTICS

Statistics for Management is a comprehensive textbook designed to help students understand the statistical concepts and applications used in business and management situations. As in case of the earlier editions, this edition too omits complex notations in favor of graphic and verbal explanations and aims to explain the subject with a practical orientation.
