Stuff by Daniel Miller - Goodreads

A summary of Stuff by the anthropologist Daniel Miller. The premise of this book is that things make people as much as people make things. Following Bordieu, Miller argues that individuals learn to become members of society, not through formal education, but because they are inculcated into the general habits and dispositions of that society through the way they interact in their everyday ...

Things make us just as much as we make things. And yet, unlike the study of languages or places, there is no discipline devoted to the study of material things. This book shows why it is time to acknowledge and confront this neglect and how much we can learn from focusing our attention on stuff. The book opens with a critique of the concept of superficiality as applied to clothing.

Stuff by Daniel Miller

Daniel Miller's Stuff brings together in one compact volume a deftly rewritten and engaging retrospective summary of 30 years of cultural anthropology carried out in the Caribbean, London, India and elsewhere.

Stuff | Times Higher Education (THE)

The aim of Stuff is to provide an account of Daniel Miller's personal journey in pursuit of the ethnographic study of material culture as a serious branch of anthropology. By "material culture" he means studying artefacts, the world of things that human beings have made.
