Extracts from Translations by Brian Friel Translations is based on the Ordnance Survey mapping of Ireland by the British Army in 1833 as part of English rule. A key part of the mapping was the Anglicisation of place names, which, of course, replaces their Gaelic identity with an English identity.

### **Extracts from Translations by Brian Friel - Literature Studies**

It's Translations by Brian Friel, set in the early nineteenth century, and it tells the story of a group of Irish peasants/farmers struggling to get an education in a hedge-school because the British Empire has made public Irish education illegal.

### **Translations by Brian Friel - Goodreads**

Translations by Brian Friel presents this perfectly. It starts with a preoccupation about language but it clearly ends up handling social and political issues. It would be pointless, in fact, to argue that the play is an innocent comment on language as such,

### **The challenge of translating Brian Friel's translations**

Translations is a three-act play by Irish playwright Brian Friel, written in 1980. It is set in Baile Beag (Ballybeg), a Donegal village in 19th century agricultural Ireland. Friel has said that Translations is "a play about language and only about language", but it deals with a wide range of issues, stretching from language and communication to Irish history and cultural imperialism.
